Superintendent's Highlights

The District began the year with excitement and some apprehension as a new superintendent was employed for the year. A complete computer lab for Language Arts in the Middle School was put in place and improvement in writing is being seen.

The High School Academic Team placed 3rd in State competition, our FB team played in the state playoffs, the VB team WON the A-2 State title, and the SB team had its highest ever State tournament finish. We had a student receive a "Merit" scholarship for his high ACT score.

J. Winters Elementary School placed first in the "Acts of Kindness/Courtesy" competition held statewide.

Progress Towards Meeting District Goals

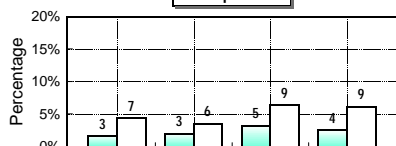

1997-98 Goals	Progress
Review academic standards	The District will be reviewing two aspects of concern to parents and the school: social promotions and grade inflation. Both of these topics impact the social structure of students at risk, employee perception of what schools expect of students, how exiting standards will affect student grades and teacher instruction.
Computer labs in elementary schools in the district.	The district is replacing two "Apple IIe" labs in two schools while upgrading another lab to handle CD's, Internet and networking instruction.
The administration and Trustees are revising the Policy manual.	Since the reduction of rules and regulations from the SDE the district is deleting and rewriting all its rules. This will take a portion of the year to accomplish.
The district will address conditions of the physical plant.	This district was able to pass a \$3.9 million levy to significantly address problems of leaking roofs, doors that don't shut properly, worn-out rugs, etc.
